PRESS RELEASE

Modus Operandi Recognized with Small Business Administration Award for Excellence

MELBOURNE, Florida, July 25, 2007 – **Modus Operandi**, a leading software and information integration technology company, has been selected as one of the outstanding small business companies in the Southeast region for a second year. Modus Operandi was awarded an Administrator's Award for Excellence certificate this year and previously in 2006 based on nominations by the U.S. Air Force Research Laboratory in Rome, New York. The award by the U.S. Small Business Administration (SBA) recognizes outstanding contribution and service to the nation by a small business in satisfying the needs of the federal procurement system. The SBA honors small businesses based upon excellence in the areas of overall management, technical capabilities, cost and delivery performance, resource utilization, financial strength, labor relations, special achievements, customer interface, and exceptional results.

Says Modus Operandi President and CEO, Peter Dyson, "We're pleased to be honored a second time with the Air Force nomination for this SBA award. Being recognized with the Award for Excellence two years in a row validates our employees' efforts and demonstrates our continued commitment in helping our customers accomplish mission critical success."

About Modus Operandi

Modus Operandi accelerates customer mission success by modernizing software systems and liberating information. Since 1984, the company has been on the forefront of information integration technology advancement. As a result of continuous innovation and multi-million dollar investment, our solutions are now at work in many mission critical operations.
