NEWS RELEASE

Modus Operandi Personnel to Participate in SemTech Conference Panel

MELBOURNE, FL, May 18, 2009 – Modus Operandi, a leading software and information integration technology company, will be represented on a discussion panel at the Semantic Technology Conference in San Jose, Calif., on June 17, 2009. Modus Operandi's Dr. Richard Hull, chief scientist; Tod Hagan, director of products; and José Pascual, senior systems engineer, are scheduled to appear with other industry experts on the Second Annual Government Sidebar to discuss the challenges of implementing semantic technologies and networking across government agencies.

The conference runs June 14-18 at the Fairmont Hotel. For more information, visit <http://www.semtech2009.com/>.

About Modus Operandi

Modus Operandi is a software technology company focused on accelerating information discovery, integration and fusion for customers in the defense and intelligence community. Since 1984, the company has been on the forefront of information technology advancement. As a result of continuous innovation and multi-million dollar investment, our solutions are now at work in many mission critical operations.
