

Modus Operandi Contracts

IDIQ is a U.S. Federal Government contracting acronym meaning indefinite delivery/indefinite quantity. This is a type of contract that provides for an indefinite quantity of supplies or services during a fixed period of time.

Modus Operandi is a high-tech company serving the U.S. defense and intelligence communities. Our purpose is to help defend and protect our country, our allies, and our planet by providing software technology to speed information discovery, integration, and fusion.

We deliver information-based intelligence capabilities. Our solutions combine innovative semantic technology and defense sector software systems development. We have experience in the domains of command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR). Our defense customers include the U.S. Air Force, U.S. Army, U.S. Navy, U.S. Marine Corps, Missile Defense Agency, Defense Threat Reduction Agency, and the Defense Advanced Research Projects Agency.
